

HTMF Minutes, May 8, 2019

Present: Bob Cheal, Shirley Cheal, Sam Cox, Jennie Hartman, John Creager

After we read the Oneness in Christ statement, Jennie offered a devotional reading with lectio divina.

Those present logged their hours for the month of April. Others, please send your hours to Bob.

Safe Parking reports:

Partnerships:

In addition to our existing partnerships, we are now able to coordinate with other safe parking sites to transfer participants between sites to better meet their needs.

Outreach:

John has spoken with a couple of people at Faith Lutheran and gave them the Safe Parking FAQ and a few other things to read.

Government Advocacy:

Awaiting word from Kelli Kuykendall about date of city council meeting later this month that we will want to attend.

Participant progress toward housing:

Reported what is known about how our current and past participants are doing in their search for housing.

Other: We discussed the need for keep within the program operating hours, especially with the regular day-time use of the Giffen House over the next 6 months. We have asked Doug not to come to the lot any earlier than 4:00 pm, and reminded the others to wait until 6:00 or later, as stated in our participant agreement.
