

HMTF Wednesday 6/10/2020

Present: Mike Ferrel, Peg Ferrel, Jennie Hartman, John Creager, Jennifer Dornbush, Bill Dornbush, Sam Cox, Shirley Cheal, Bob Cheal and Pastor Lindsey Bell-Kerr.

Pastor Lindsey opened with prayer.

- We shared progress of our present and past Safe Parking guests.
- Jacque and Steve Zwick have withdrawn from the Safe Parking support team.
- We brainstormed ways we could continue to support those experiencing homelessness. Ideas included: starter kit for those moving into housing, continuing the building of our relationships with other community groups working on low income housing, following up with the group that provided tiny homes for Los Guillicos, keeping updated on City Council budget and spending, continuing to build relationships with those in Safe Parking, our Tuesday Spirit Café congregation and those in other locations around town.
- New for FUMC: The Financial Planning Group. This team will look at our finances as well as assets including property.
- Safe Parking: It was agreed that we would add 2 more people to Safe parking at Stony Point. The two folks are known to us and would be good match to those already in Safe Parking. We will consider adding two more at our next meeting. Catholic Charities has let us know that they will continue referring people from their list, with priority given to the most vulnerable. We will not be allowed to request specific individuals moving forward.
